

general information

Te Tuhi is one of New Zealand's foremost contemporary art spaces and a leader in supporting experimental practice. Visitors and hirers can expect a variety of temporary art exhibitions throughout the building at any one time, ranging from large sculptures to performances and multimedia such as sounds, lights and videos. All exhibitions are conceived and planned with the visitor experience in mind, but since all art is experienced subjectively it is impossible for Te Tuhi to guarantee there will be no perceived disruption to your hire.
